## **IOT DISTRIBUTOR, ALLIOT OPENS FOR BUSINESS**

**New IoT distributor, Alliot opens its doors with the launch of the LORIX one Gateway.**

**Huddersfield, West Yorkshire / April 9th, 2019** – Alliot is delighted to announce the availability of the LORIX One LoRaWAN gateway which is now available from the Yorkshire-based distributor.

Having recently opened its doors for business, the LORIX One gateway marks the first product in Alliot's portfolio. Suitable for a wide variety of both indoor and outdoor applications, the LORIX One LoRaWAN gateway offers the ideal gateway for IoT projects. Acting as a key component in any IoT system, the gateway transfers data gathered from deployed sensors and can be integrated with a number of popular networks such as The Things Network and LORIOT.

"I am really delighted that Alliot's first distribution agreement is for the LORIX One, the gateway is a key element of any LoRaWAN deployment and this gateway is extremely capable as well as also being robust for outdoor deployments.

"We are investing heavily in Alliot and are expecting to announce other exciting products and services that will progress us towards our stated aim of simplifying the set-up and ongoing management of IOT devices very soon." Said Alliot's MD, Darren Garland.

People interested in finding out more about Alliot and the LORIX One gateway are advised to visit the Alliot website or to get in touch with the Alliot team.
