

24/7 Automated Temperature Monitoring **FOOD SERVICE**

Automate temperature monitoring for the food service industry, with Alliot & myDevices. Our plug & play solutions deliver substantial time and money savings.

Protect your valuable inventory, brand reputation, and avoid regulatory fines with wireless temperature sensors and our industry-leading remote monitoring app, real-time reporting, and instant SMS text message alerts.

Quick & Easy Setup

Wireless sensors are installed in minutes. Automated temperature and humidity readings are captured instantly.

Compliance Visibility

Ensure Food Standards, and local regulatory compliance with accurate data recording and printable reports.

Actionable Alerts

Receive timely alerts via SMS text messages and emails. Set sensor reading thresholds and configure alert settings.

Enterprise Ready

Industrial grade sensors with low power and long range capabilities for monitoring facilities of any size.

Corrective Action

Quickly document the necessary course of action required to address alerts associated with incidents and workflows.

Security & Privacy

Highest standards of data protection, ensuring end-to-end embedded AES encryption.

RESTAURANTS • HOSPITALITY • FOOD MANUFACTURING

Designed to support the regulatory requirements of major governing agencies:

- Food & Drug Administration (FDA)
- Food Safety & Inspection Service (FSIS)
- Food Standards Agency
- Center for Disease Control (CDC)
- Local Health Departments

Our Commitment to You

Immediate Cost-Savings

Save thousands in labor costs associated with manual monitoring.

Around the Clock Compliance

Maintain regulatory compliance with full access to temperature logs.
